

HP-CorrInAC

Corrosion Inhibitor for
Ammonium Chloride corrosion

Provides passive layer protection

Protecting critical equipment in overhead and REAC Systems

Suitable for NH_4Cl and HCl corrosion issues

Economically attractive approach

Salt Deposition in the piping & quill

हिन्दुस्तान पेट्रोलियम

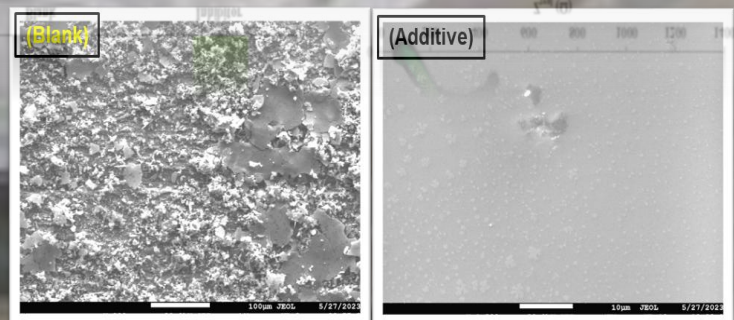

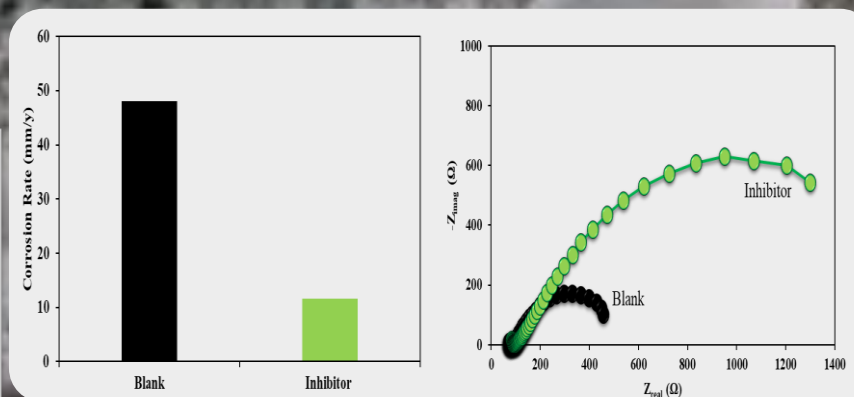

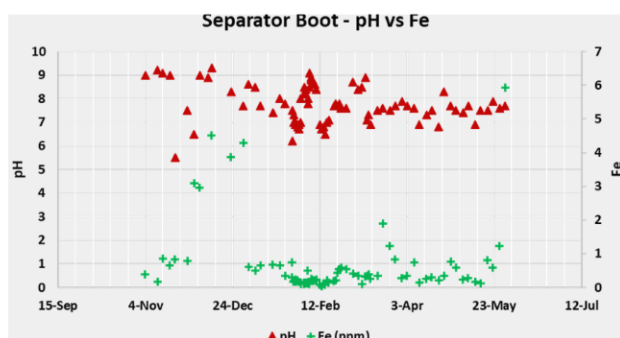

HP-CorrInAC

Corrosion Inhibitor for
Ammonium Chloride corrosion

No Under deposit corrosion

Reduced NH_4Cl deposition & Improved Reliability

Validated in Field trials

Metal surface image under at 150 °C, 50 bar pressure in 2 wt% NH_4Cl
