

HP Diacid

Additive for Metal Working Fluid

Excellent Lubricity, Wettability & Corrosion Protection

Highly Compatible with Synthetic & Semi-Synthetic MWFs

15% Enhanced Wear Protection

100% Corrosion Inhibition

100% Import Substitution

30% Cost Effective

LUBRICANTS™

POWER TO PERFORM™

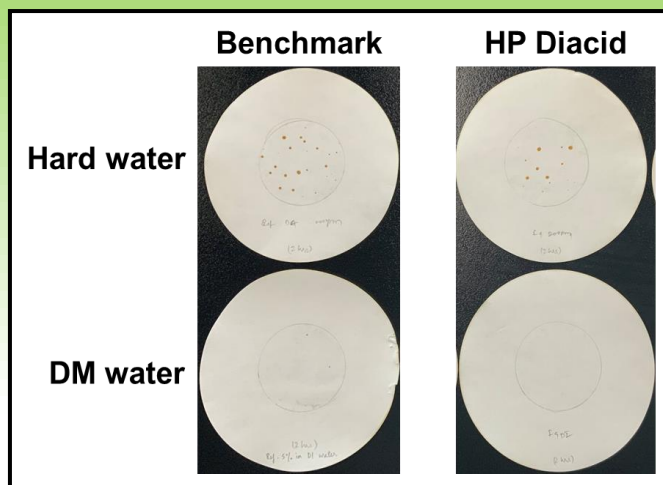

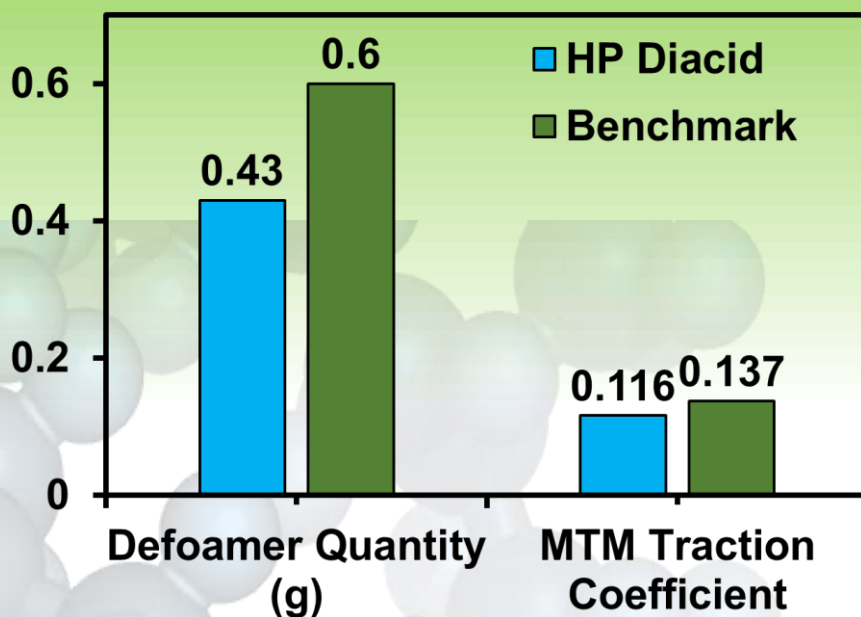

Delivering
Happiness®

HP Diacid

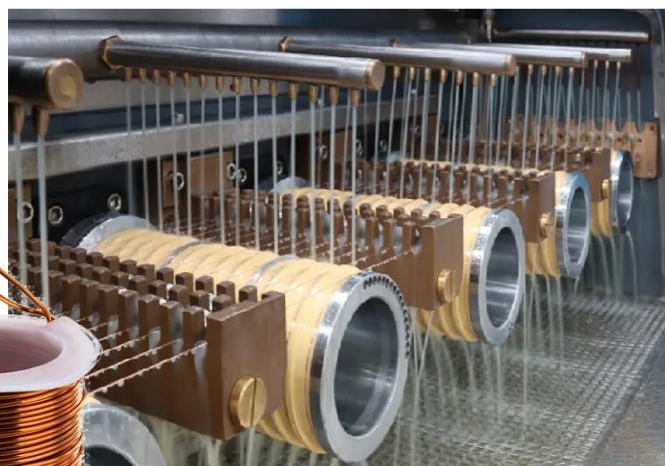

Additive for Metal Working Fluid

- ✓ Completely inhibits the corrosion in normal to hard water
- ✓ Improved anti-wear and Lubricity performance
- ✓ Improved co-emulsification, lubrication & wettability properties
