

HP FILMMAX HT

High-Performance Hydrocarbon Filming Amines

Corrosion in the hydrotreating unit is caused by H_2S , HCl , and their ammonium salts

HP FILMMAX HT bonds with the metal surface, forming a protective film.

Higher Filmer Content in Hydrocarbon Solvent

HP FILMMAX HT

High-Performance Hydrocarbon Filming Amines

HP FILMMAX HT, Along With HP FILMMAX, Offers Corrosion Prevention for Refinery Units

Adjustable Film Strength Based on Severity.

Effective Corrosion Inhibition

Filming Amine Protection Mechanism
