

HP NEUTMAX

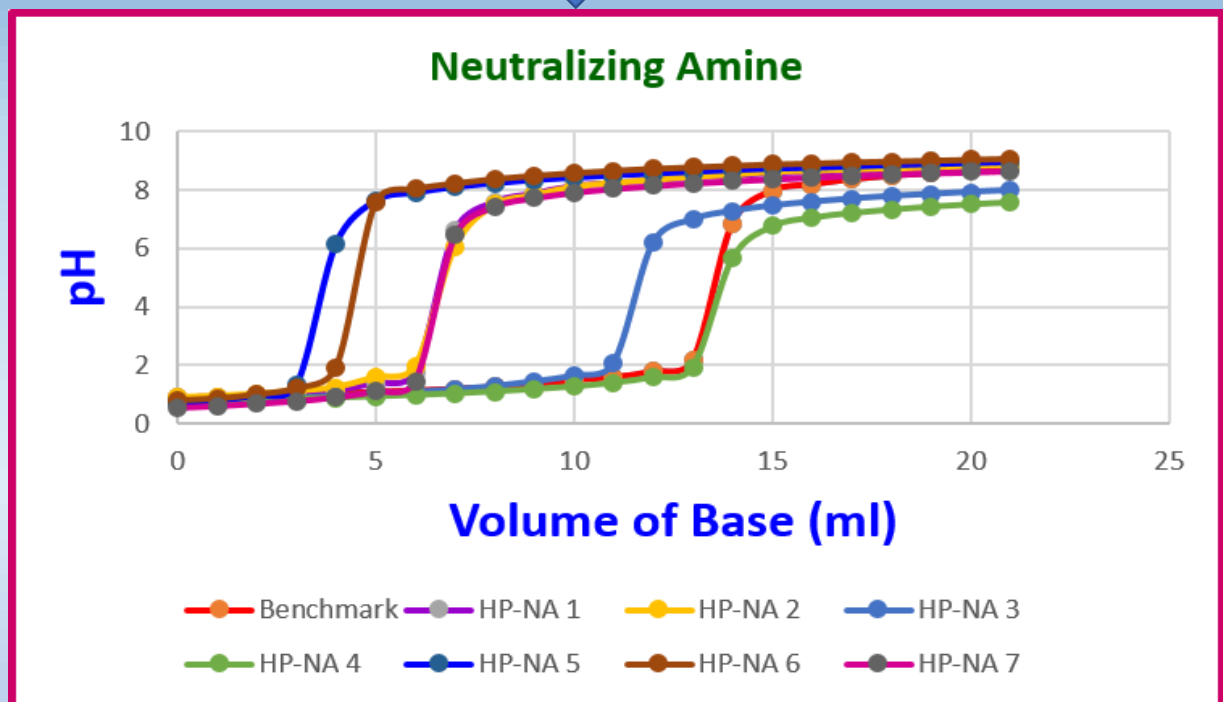

Neutralizing Amines for Distillation Units

Effective pH Control in CDU/VDU Overhead system

20 % Lower Dosage

Promoter Assisted Neutralization

pH Neutralization Graph With HCl

HP NEUTMAX

Neutralizing Amines for Distillation Units

Higher Solubility of Amine Salts

Tunable BP and Basicity (Pka) of the Amine Formulations

Superior Neutralizing Ability and Corrosion Protection

High Temperature Rotating Cage Corrosion Analysis

Metal Loss, mils
