

# Climate Change

## Policy Statement

In order to face the challenge of this complex issue of climate change **HPCL** has decided to explicitly articulate a policy on climate change which shall strive to reduce our carbon footprint and incorporate a “**Green Perspective**” in all the key organizational initiatives and processes.

“**HPCL** is a socially responsible Corporate Citizen caring for the environment and striving to reduce its carbon footprint by incorporating the ‘green’ perspective in all its key organizational processes, while pursuing its own growth aspirations towards **Customer delight.**”
